

Full Body de-tox Programme

SPRING CLEAN YOUR BODY, IT'S AS EASY AS 1, 2 & 3

This is a full body-cleansing programme that can be taken twice a year, for the combined cleansing of your intestines, liver and kidneys. If the body has to waste valuable resources fighting intestinal parasites without a clean liver and kidneys, it does not have its full resources to defend itself against attack from other threats, or to heal itself when needed.

1. TriPlex - for intestines 2. FluidPlex - for kidneys 3. LiverPlex - for liver

<p>Week 1 Start taking TriPlex for the first week 10 Drops 3 Times Daily.</p> <p>Week 2 Take TriPlex for the second week 20 Drops 3 Times Daily</p> <p>Week 3 to 7 50mL bottle \$48.95 RRP</p>	<p>1. TriPlex An easy to take liquid form of Dr Hulda Clark's famous original powdered herbs in capsules – an anti-parasitic remedy. A combination of the genuine fresh green hulls of Black Walnut (not imported black hulls), picked in Victoria in March every year, Wormwood grown in Victoria and Cloves. Herbal defence against intestinal parasites - one of our best sellers!! Based on the teachings of the famous Dr Hulda Clark. A safe effective herbal routine to ensure your body is not wasting resources fighting against internal parasites or harmful solvents. Help your body win the fight for good health.</p> <p>Continue taking TriPlex as a Maintenance Dose. Note: 30 Drops 3 Times a Week e.g. 30 Drops on Monday, 30 Drops on Wednesday and 30 Drops on Friday.</p>
<p>Week 3 Begin FluidPlex at the start of week three. 2mL 3 Times Daily for the next 6 Weeks.</p> <p>250mL bottle \$39.95 RRP</p> <p>Week 3 to 8</p>	<p>2. FluidPlex 250ml FluidPlex: has been formulated in a liquid extract form for ease of dispensing. It contains the following: Hydrangea root, Gravel root, Marshmallow root, Parsley leaf, Golden rod, Ginger, Uva ursi and Vegetable glycerin. This product will help in cleansing the kidneys, assisting the body to detoxify itself. The 250ml bottle contains 6 weeks supply. The dosage is 2ml 3 times daily, for an adult or 1/2 the quantity for a child. Commence taking FluidPlex at the start of week three.</p> <p>Vitamin B6 (250 mg): one a day; Magnesium oxide (300 mg): one a day Magnesium oxide has been replaced here in Australia by Magnesium Orotate (200 mg) which is a very good substitute to Dr Clark's recommendations.</p> <p>Keep taking TriPlex. Note: 30 Drops 3 Times a Week e.g. Mon, Wed & Fri. This is now your Maintenance Dose, take until bottle is finished. Keep taking FluidPlex. 2mL 3 Times Daily, take until bottle is finished. The dosage is 2mL 3 times daily, for an adult or 1/2 the quantity for a child.</p>
<p>Week 8 Begin LiverPlex at the start of Week 8. 2mL 3 Times Daily For the next Six Weeks or until bottle is finished. 250m L bottle \$39.95 RRP</p> <p>Week 8 to 14</p>	<p>3. LiverPlex LiverPlex: Once the kidneys have been cleansed the liver should now also receive some attention. This is important to assure maximum digestive power. If we were to compare the human body to a car, you would not put clean oil in a dirty engine. So we need to clean our engines. LiverPlex will help you do that. So like a clean engine, your body will perform at its best. LiverPlex will work better after FluidPlex. The 250mL bottle contains 6 weeks supply. The dosage is 2mL 3 times daily, for an adult or 1/2 the quantity for a child. LiverPlex is made of the following: Turmeric, St Mary's thistle, Gravel root, Dandelion root, Mullein, fresh green hulls of Black Walnut, Marshmallow root, Liquorice, Wild yam and Skullcap. It is not possible for us to manufacture strictly according to Dr Clark's recipe because some of her ingredients are restricted in Australia. We have merely substituted some plants for another that we know, will work just as well on the liver.</p>

We suggest: Repeat program again six months from finish date. E.g: If you started in Spring begin again in Autumn.
